

Public Notice – Environmental Permit

Purpose of notice: To seek public comment and announce a public hearing on a draft permit from the Department of Environmental Quality regarding a landfill in Brunswick County, Virginia

Public comment period: July 16, 2014 to August 14, 2014

Permit name and number: Brunswick Waste Management Facility, SWP 583

Permit applicant: Brunswick Waste Management Facility, LLC

Facility name and location: 107 Mallard Crossing Road, Lawrenceville, Virginia

Project description: The Brunswick Waste Management Facility has applied for a modification to a permit that allows the facility to operate an existing landfill in Lawrenceville, Virginia. This modification to the permit would allow the landfill to actively mine the Northern Solid Waste Disposal Area (NSWDA) which is a municipal solid waste (MSW) incinerator ash mono-fill.

The mining activities will occur within the normal operational hours of the landfill, which are 6 a.m. to 6 p.m., Monday through Saturday. The mining operation will yield four materials by processing the MSW ash to recover ferrous and non-ferrous metals, separating fines material, over sized material, and residual trash/construction demolition debris waste.

How to comment: DEQ accepts comments by e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the comment period. DEQ also accepts written and oral comments at public hearings. The public may review the draft permit and application at the DEQ office named below. Copies of the permit documents are also available at Brunswick County Library at 133 West Hicks Street in Lawrenceville, VA 23868.

Contact for public comments, document requests and additional information: Mr. Joshua Byerly, Environmental Engineer Senior; DEQ-Piedmont Regional Office, 4949-A Cox Road, Glen Allen, VA 23060; Phone: 804-527-5173; E-mail: Josh.Byerly@deq.virginia.gov; Fax: 804-527-5106
